Cristian Pirvu

JUNIOR WEB DEVELOPER

Profile

I am a hard working, dedicated, organised and methodical graduated student, with a special focus towards the creative side of building projects. I have good interpersonal skills, I am an excellent team worker, always keen and very willing to learn and develop new skills. I am highly reliable and dependable, with an active and dynamic approach to work and getting things done. I am determined and decisive. Perfectly balanced, as all things should be.

Employment History

Collective Project - Full Stack Web Development, Nokia Networks Timisoara, Timisoara

FEBRUARY 2021 — JUNE 2021

A collective project for Nokia Networks Timisoara, made in a team of 3, entitled 'Web Platform for Automatic Tasks Assignment for a Developers Team Members'.

It was part of the 'Collective Project' subject for West University of Timisoara, Computer Science department, in the sophomore year.

Front-End Web Developer - Internship, STARTA Dev Group SRL, Caransebes

JULY 2021 — SEPTEMBER 2021

An Internship based on Front-End Web Development, focused on creating the UX/UI Design, and then converting it into an actual product, using HTML, CSS, JavaScript and CSS Frameworks of choice (Bootstrap in this case). A total of 200 hours of work.

Front-End Web Developer - Internship, SAP Timisoara, Timisoara

AUGUST 2022 — SEPTEMBER 2023

Developed and maintained SAPUI5-based applications, ensuring a seamless and intuitive user experience.

Leveraged JavaScript, Node.js, and Express to create robust and scalable server-side solutions for an interns-only project. Gained hands-on experience with MongoDB for efficient data storage and retrieval, enhancing the overall performance of applications.

Collaborated closely with the team to understand business requirements and implement effective technical solutions.

Learning how to use the Agile Methodology and how to be a Scrum Master.

IT Specialist and Junior Web Developer, Gemini INFOGHID, Caransebes

JUNE 2024 — PRESENT

Web Developer with expertise in HTML, CSS, JavaScript, PHP, and WordPress, alongside additional responsibilities including device maintenance and troubleshooting, network design and installation, and network troubleshooting.

Skilled in creating seamless websites and implement effective technical solutions for clients, alongside providing software assistance and optimizing technical systems to ensure smooth operation and efficient problem resolution.
